

## BiFlex GFS

(Art. 8484GFS)

for the production of single- and double-layered  
Mouth-nose masks

### CHARACTERISTICS

- Soft and smooth Polyester-Elastane mixture
- Comfortable to wear
- good air permeability (for easy breathing)
- simple processing
- no fraying of the goods during cutting, no ladder
- can be used multiple times, washable up to 95°C, possible to sterilize up to 90°C
- 100% lint free, unlike natural fibres (e.g. cotton)
- up to 25 times less moisture absorption compared to natural fibres/  
quick-drying

### TECHNICAL DATA

- 100 % Polyester
- produced and developed in Germany
- weight: approx. 240 g/m<sup>2</sup>

### CERTIFICATES

- air permeability, according to DIN EN ISO 9237  
at 100 Pa test pressure and 20 cm<sup>2</sup> test surface
  - double-layered: approx. 348 l/m<sup>2</sup>s

# Georg+Otto Friedrich

TEXTILES. MADE IN GERMANY.

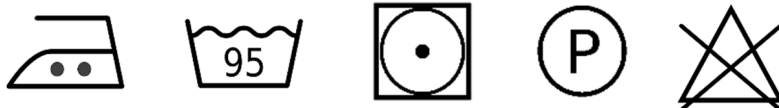

- Certified according to Standard 100 by Oeko-Tex, product class 2 (skin contact)
- Company Friedrich is certified as German manufacturer according to DIN EN ISO 9001:2015
